

### **Home visit with Marlene Maidon**

Marlene met us on her porch with a beautiful smile and promptly thanked us for the lunch. We were amazed when she told us she will be 77 years old on her next birthday.

She very sweetly said "I was a war baby".

Our eyes couldn't get enough of her beautiful flowers that seemed to be everywhere. We especially liked her roses. They were so red and pretty.

We really enjoyed visiting Marlene. She is one lovely lady.
