

Hi, my name is Dave Pagura. I've been blessed to be married to

Annette these past (nearly) 33 years. We are owned by a cat, Lucy, whom we serve most willingly. Annette and I enjoy cooking together, travel, hiking, and reading.

I worked in a beverage-can manufacturing plant for 34 years and retired at age 55. Subsequently, I enrolled at Franklin University in an Inter-**Disciplinary Bachelor's Degree program of Global Business** and Communications as my two majors. I currently have senior status; expecting to graduate in 2023.

I've been taking Course of Study on the beautiful campus of Candler School of Theology in Atlanta. Home to some of the best pastors/professors anywhere. This summer, I will complete 13/20 classes.

I have an appointment to two churches. The first is more rural, Alexandria OH, and filled with fantastic folks, eager to learn, and willing to serve, Christians. The second, small to medium size town, Newark OH, Christian Endeavor. They are comprised of mostly older, but wonderfully young-at-heart, folks embracing technology to reach others for Christ through fellowship, serving, and learning together.

Along with the Henderson Settlement Board, I serve on the boards of CDF Freedom Schools of Licking County, Licking County HOPE, and assist at the Look-Up Center in Newark OH.

I have a passion for global mission work and community outreach that blesses both through filling gaps in shelter, food and water, education, health, and faith.
