

Home visit with Eileen Mason

Eileen didn't seem to feel so well on our visit, so we cut our time a little short.

Eileen was a frequent visitor to the Senior Center before her health decline. We missed her when she had stopped driving to Frakes.

She enjoyed our visit and was thankful for a nice warm lunch.

After our visit we learned that Eileen's health has gotten worse and has went to live with her son.

Our prayers go out to Eileen. Get well soon.
